

Custom Supplementation Class

Optimize Immunity/Wellbeing through Custom Supplementation
Presented by: Lynn Morales, ND

This class introduces you to the program and report that looks at body systems requiring support of key nutrients such as: Vitamins, Minerals, Amino Acids, Antioxidants, Fatty Acids, and Environmental Challenges.

Learn what foods your body specifically resists, and what Electromagnetic Fields powering wifi, cell phones, laptops, and TV's are overwhelming you as an individual.

Your individual report shows:

- 12 Key Optimization Indicators
- System Support Indicators
- Cardio Support Indicators
- Resistance Indicators
- Environmental Indicators
- Food Additive Restrictions
- Foods to Eat

When:

Tuesday, March 26th @ 7 PM

Where:

8105 Rasor Blvd. Plano, TX 75024
Conference Room 1
